What you didn't know about GetCapital

GetCapital offers multi-product finance solutions to their Finance Partners and customers using revolutionary credit platform designs. We are one of LinkedIn's hottest Australian companies to work for and are kicking goals with how we run our business whilst winning many awards along the way including *AFR's* Fast 100, Deloitte's Technology Fast50, SmartCompany's Smart50 and Deloitte's Asia Pacific Technology Fast 500.

Your role

Are you looking for a role where you can lead a team of developers to further create our leading digital credit decisioning platform? You will play a leadership role within the team to drive the team's culture, motivation, and engagement and thrive on working closely with business stakeholders.

Working in a fast moving agile environment you will be proficient in Scrum Agile project management techniques, have a good business understanding of credit assessment and be passionate and proficient in Data Analytics, data-driven decisions, SQL & NonSQL and have managed products with multiple data integrations.

What you will do

- Work closely with business stakeholders to understand business drivers and considerations
- End-to-end product delivery responsibility
- Design, prototype, develop and test new product features and initiatives
- Define the product road map
- Work with relevant members of scrum teams to ensure delivery
- Track and report on success metrics.

About you

- 5+ years Product Owner experience
- Delivery focussed and strong analytical mindset
- Experience working across multiple streams
- Proven ability of motivating and building a high-performing team
- Experience in structured and unstructured data management
- Strong experience with data providers integration and API management
- Previous experience in Credit decisioning and understanding of Credit Assessment techniques
- Experience in machine learning, flow automations and SME lending or Fintechs would be advantageous
